Three Leading Scientists

Proclaim the Superior Value of

Dr. Price's Baking Powder

Scientists are devoting closer attention to food products. Recent examinations of baking powders by Prof. Lucy, Dr. Haines, and Prof. Prescott, were made to determine which powder was the purest, highest in leavening strength, most efficient in service, and most economical in cost. They decide that Dr. Price's Cream Baking Powder excels in all the essentials of an ideal preparation for household use. They write—

"Chicago, March 28th, 1894.

We have purchased in the open market cans of Dr. Price's Cream Baking Powder and also of the other leading brands of baking powders, and have submitted them to chemical analysis. We find that Dr. Price's Cream Baking Powder is a pure cream of tartar powder, that it has a considerably greater leavening strength than any of the other baking powders we have tested.

PROF. JOHN H. NORTH, Northwestern University, Chicago
DR. WALTER S. HAINES, Rush Medical College, Chicago
PROF. ALBERT D. PRESCOTT, Univ. of Michigan, Ann Arbor."
